

Come and build something great and help us spread the word!

Edmonton Classical Academy is in its second year of operations and growing fast. We are hiring all positions. Alberta legislation funds charter schools, so, in addition to authentic classical education, pay is competitive.

All expressions of interest are welcome. Have your voice heard and be onboard with something noble. Help us continue to build a joyful faculty of friends committed to human flourishing, service, and a truly liberating education.

Please take a look at - and share widely - the direct link for the school website application.
